By making the Great Wall like the dragon's back, it would be a good omen and will lead the Chinese to victory!

For the last 1<sup>st</sup> term our table has been learning about The Great Wall of China

### Quiz!

Quiz Time!!!

1. Why did the Chinese build the great wall?
2. What does the great wall look like? (the shape of it).
3. When was the great wall built?

The main reason why the Chinese built the Great Wall was to prevent troops from the north invading Chinese territory.

Another great reason is to defend China from attacking Mongols.

It was also built as a defense against ferocious nomadic tribes.

The Great Wall also embodies a great deal of protection during a battle.

The belief of the Great Wall is that it is told that the Chinese made the Great Wall twist and turn not only to protect China but to make it represent the long back of the mighty dragon!
