

Hello 4 Walliams 

I hope you and your families are all keeping safe and well. Not being able to see you makes me very sad. I miss your chatter and laughter very much, however, we can still do things together. At 11am daily I would like to invite you all to join me to listen to David Walliams read an audio story. Remember to get yourself a drink and a snack and find a quiet place.

Although this time is strange for us all, I am starting to compile a list of all the positives that are happening in our world, which I will share with you weekly. Here are some of them:

Venice has seen a vast improvement in the water quality of the famous canals running through the city. The streets of Venice have emptied because of the outbreak leading to a drastic drop in water traffic. The usually murky waters have gone so clear that shoals of tiny fish can now be seen.

In Italy, where a countrywide lockdown is in place, people have joined together on their balconies to sing songs together.

## Fun time

Here are some jokes to keep you smiling.

*“Joke: Why was 6 afraid of 7?”*

Answer: Because 7, 8, 9!

*“Joke: Why did the lion spit out the clown?”*

Answer: Because he tasted funny!

*“Joke: Why didn't the skeleton go see the scary movie?”*

Answer: Because it didn't have the guts!

**Riddle time-** I will give you the answers next week

**“Riddle:** What gets bigger the more you take away?”

**“Riddle:** I am an odd number. Take away a letter and I become even. What number am I?”

I will write again next week, but in the meantime, please remember to keep washing your hands and stay safe. I look forward to joining you all at 11am daily to listen to the audio story read by David Walliams.

Sending you all lots of smiles and warm wishes.

Mrs Weber
