Bon apres-midi tout le monde!

Comment ca va? Et moi? Tres bien, merci.

Are you getting used to learning at home? I hope you are keeping busy and being helpful.

I have had one or two photos of Stonehenges and very nice they are too! I am looking forward to seeing some of your brochures...might tempt me to go on a holiday...one day!

Well during the lovely weather last week, my husband and son were able to lay half of our patio (this is a long overdue job!) But this week it was too cold, so we still have only half a patio. Better than no patio though, because Juno was bringing in lots of sand and now she isn't.

This is how she spends a lot of her day!

So, the next 2 weeks are the Easter Holidays. We are not setting work for you then so you have time to finish anything we have set so far. We will be sending some Easter craft activities however to keep you entertained. I hope you enjoy doing them.

Take care and a Happy Easter (joyeux paques) to you all and your families,

Love from

Mrs Walker, Miss Devshi and Mrs Flower
