

Hi Year 1 Butterworth,

Hope you all enjoyed your two-week break and are all keeping safe 😊

The last time I wrote to you I asked you to find out what month we are now in and how many days are in this month.....for those who said we are in April give yourselves a pat on the shoulder and if you said that there are 30 days in April then give yourselves another pat on the shoulder. Well Done!

I have a rhyme which I have written below to help you remember how many days are in each month.

'30 days has September, April, June and November all the rest have 31 except February which has 28 or 29
in each leap year'

Your handwashing challenge for this week is to repeat this rhyme each time you wash your hands. I know you can do it!

I heard about a book this week which has been written to help children understand what the virus is all about and how you can help to stop the virus spreading. The title of the story is 'My hero is you.' It is about a girl named Sara and Ario the dragon who visit people around the world to see how they are coping with the virus. It is a fantastic read for you and your family. Search for the book and see if you can find it online.

Good News Story

Captain Tom Moore who is 99 years of age and a World War Two veteran set himself a challenge to raise a £1,000 for the NHS by completing 100 laps of his garden. When people found about this incredible idea that Captain Moore had, they decided to donate some money and he has now raised over £20 million pounds for the NHS. This is amazing!

If you could ask Captain Moore any question what would it be?

I would ask him what is his favourite biscuit to have with a cup of tea. 😊

Hope you all have a fantastic week and remember if you need any help with your learning tasks please ask.
