

★ Hello Children!

★ How are you all? I hope you had a good first week of the summer term and
★ enjoyed doing some of the activities from the website. This week, I have
★ chosen a story called The Zoo Vet and there are some activities you can choose
★ after you have read the story. Thank you and well done to those children who
★ have been sending me photos of your weekly challenge!

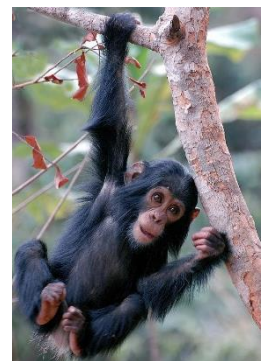

★ The weather has been lovely so I hope that you have been trying to get outside
★ and enjoy the sunshine. I have been going for a walk with my son and we have
★ been trying to spot the rainbows in people's windows as we walk. Have you
★ drawn a rainbow to stick in your window and have you seen rainbows in other
★ people's windows?

Weekly Challenge:

Can you draw a picture of your favourite animal?

Try and make it bright and colourful and tell me why it's your favourite.
Your grown up can help you to write some words or letters to describe the
animal.

My favourite animal is a monkey because they are clever and I
love to watch them swinging from tree to tree. Once when I
was on holiday in Sri Lanka, a little monkey grabbed the snack
I was holding in my hand and ran away with it!! They are very
cheeky animals but I love them!

★ I hope you have a lovely week and I look forward to seeing all your animal
★ pictures.

★ Take care and be safe.

★ Miss Mendis ☺
