

Hello Children!

How are you all? Did you enjoy The Zoo Vet last week? I hope you had fun doing some of the activities. Thank you to those of you who have sent me photos of some of the wonderful things you have been doing!

This week's story is Starry Eyed Stan and it's a story all about teamwork. I hope you enjoy it. The activities this week involve baking, colouring, phonics, learning fun facts and cutting. I know some of you don't have printers at home so don't worry if you can't print the activities.

Have any of you been to an aquarium before and seen some underwater animals? I like going to the aquarium and walking through the tunnel where there are fish and other creatures swimming above, below and to the side of you. You can get really close to the sharks in the aquarium!

### Weekly Challenge - this week it's a maths challenge!

Can you find the total of two groups by counting how many there are altogether?

Collect two bowls. Put **three** objects in one bowl (it could be fruit, toys, or pencils) and **two** objects in the other.

How many objects do you have altogether? Email me the answer!

If you're feeling super clever, ask your grown up to help you write the number sentence that matches, like  $3 + 2 =$

You can do this several times with a different number of items in each bowl.

Have a wonderful week.

Take care and be safe.

Miss Mendis ☺
