

Dear Children,

How are you all? We hope you have enjoyed learning about The Tiger Who Came to Tea. We hope the tiger behaved himself and you have learnt a lot about the story. We are missing you and hoping that this situation will be over soon so we can have you back in school.

Well done to the children who have completed last week's photo challenge task. The winners are;

Amina and Harris in Adventurers class

Nathan, Ayaan and Khadijah in Discoverers class

Maha in Explorers class

This week's learning

Literacy

This week, we are focusing on a fun story called Supertato! We know that you all will love reading and learning about the Supertato and how he tries to rescue the vegetables from the Evil peas who escaped from the freezer. Come on you superheroes at home, help the Supertato to rescue the vegetables by coming up with a plan on how to defeat the evil Peas. (Tasks on our school app)

Maths

This week in maths, we will continue with making repeated patterns in different ways but this time try to make complex Patterns by using any objects like small toys, buttons, leaves or large blocks. Try making a dance, or sound patterns. You can ask your family to help you come with an interesting way of making patterns as well as completing the repeating patterns work we have put on the school app for you.

A little poem about kindness

Remember our circle time discussions on how we respect each others differences, using kind words and helping each other.

You are not in school but remember to spread your kindness wherever you go.

Have a good week, be kind and keep smiling!

The Reception Team

**Kind hearts are the gardens,
Kind words are the roots,
Kind thoughts are the flowers,
Kind deeds are the fruits.**

**Take care of your garden
And keep out the weeds;
Fill it with sunshine,
Kind words and kind seeds.**

-H.W. Longfellow
