

Weekly Challenge

Can you make an Easter nest?

You could make an Easter nest using cereal and chocolate or you could use paint, coloured pens, material or other things you have around the house or garden. Be as creative as you like!

Please send me a photo of your finished nests (without you or your family in the background) and I will choose some to go on the website. Ask your grown up to email the photo to: nurseryjea@theparkfederation.org

Here are some examples to give you some ideas:

Good luck and have fun 😊
