## Follow our advice from the elves:

- ❄️ Three is the magic number - that's the number of households that can meet - and it has to be the same three.
- ❄️ Cut down on contact with others before mixing for Christmas
- ❄️ Wash hands. A lot. And properly.
- ❄️ It's no longer nice to share - including glasses, towels and bathrooms (if there is more than one!)
- ❄️ Fresh air is good - even indoors. Nudge a window open if you can.
