

SHAPE HUNT

The Gingerbread Man needs your help!

He needs you to look for shapes that may be hidden in your home/garden. The shapes can be hiding ANYWHERE!

Can you help him by doing a shape hunt?

Use the sheet to help you, when you find a matching shape on your hunt, say the name of the shape and colour it in.

Shapes Hunt
Colour the shapes as you find them.

The page contains five geometric shapes for coloring: a square, a circle, a triangle, a rectangle, and an oval.

Which shape did you find most of?
