

Here are some things you could do at home!

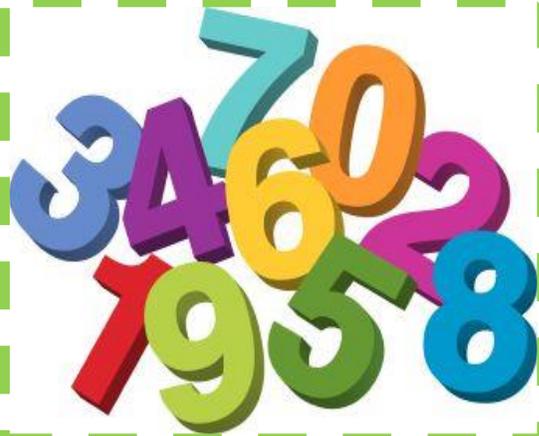

Sing some nursery rhymes, simple songs and counting songs.

Look for numbers and shapes when you are at the shops or out and about. Think about where numbers are being used and why?

While you are out and about look for the letters of your name on signs, number plates and packaging.

Visit the library. Share a story or information book and talk about what happens or what you found out with a grown up. Find a book you really like to tell your teacher and friends about at school.

I can...

Go to the toilet independently and wipe my own bottom.

Put on and do up my coat.

Undress and dress myself.

Take off and put on my shoes and socks by myself.

Recognise and write my name.
